■授業の目的と概要(Course purpose/outline)
During class time, students will learn conversations and vocabulary in a relaxed and fun atmosphere. These conversations and vocabulary will prepare students for live interactions with English-speaking foreigners, both online and in-person. The class will meet 10 times face-to-face. The students will make 5 field trips to places where foreigners gather or will meet with foreigners online in one-to-one meetings for live conversations on the topics we practiced in class. Students will need to use their smartphones in class to access the lesson materials. Students will also need to make PowerPoints for their homework.
